Navy R&D Briefing

25X1A

1. Yesterday, I checked with OSP to obtain a copy of the unofficial Navy Briefing notes taken down by [redacted] when Admiral Gayler's group made its presentation on 14 December. As you know, a precedent was set when [redacted] volunteered his notes for the Air Force briefing. I then encouraged his doing the same for Army (22 Nov) and the Navy briefing last month.

2. [redacted] submitted the attached memorandum on the Navy briefing to his Chief [redacted] who was unaware that DD/S&T has been circulating notes to the attendees.

3. The distribution of the Army and Air Force notes was taken care of by [redacted] office. [redacted] has the list. Perhaps you will wish to have the Navy notes circulated in the same manner. Also do you wish to have the errata sheet (ref my 15 Dec note) for the Army R&D briefing appended to the Navy notes?
